

# CALENDAR FOR COLLEGE PLANNING: JUNIOR YEAR

## FOR JUNIORS PLANNING FOR COLLEGE:

- ✚ **September through November:** Take a leadership role in the extracurricular activities in which you are involved. Take the PSAT/NMSQT; you could qualify for merit scholarships if you take it now. Hoping to be selected for college sports? Would a scouting organization enhance your chances?
- ✚ **December through January:** Start working to determine which careers you may be interested in pursuing. Select courses for your senior year, and study for the SAT or ACT.
- ✚ **February through April:** Register for the spring SAT (either March or May). Begin working on college search.
- ✚ **May through June:** Take AP tests in May, and SAT subject tests in June. If you plan to attend a military academy or enroll in ROTC, now is the time to request applications. Make plans for college visits to the schools in which you are most interested.
- ✚ **Summer:** Visit colleges, do volunteer work, and/or go to summer school. Register now for the October or November SAT/ACT.
